**Our cheese supplier** - *The Courtyard Dairy was created with the ethos to sell only the best cheese available from the British Isles and the Continent of Europe; and by doing so, to champion and support the few remaining independent farmhouse cheese-makers: real great farmhouse British cheese. These small individual farmers still make the cheese by hand with unpasteurised milk from their own herds, in order to get the best depth of flavour. Each cheese is then aged to perfection in The Courtyard Dairy's maturing cheese room near Settle.*
