What is a Premium Entry?

Confidential Guides features over 1,500 curated entries, showcasing the best that the North has to offer — from restaurants and hotels to shops and attractions.

A premium entry on Confidential Guides elevates your business to the top 20% of searches on the site, significantly boosting page views and bookings. We achieve this by including your business in our high-traffic lists, such as ‘The Best Restaurants in Manchester,’ which attracts page visitors that are searching for these popular terms on Google.

Additionally, we drive traffic to your page through our partnerships with hotels and Manchester Central, bringing new visitors outside of the region who may not have heard of you before. Your business will be prioritised on our website, appearing in the top 20% of relevant searches. For example, guests who scan the QR code in their hotel room will see your business ahead of competitors.

To ensure potential customers are impressed when they visit your page, we create a personalised entry that highlights everything your brand has to offer. Your page will include images, video content, and buttons that link directly to your menus, offers, and events. You can find the full list of entry features on the next page.

The best gyms in Manchester for 2024

3 months ago

Updated for 2024

This January fitness drive is at its most frantic right now with every gym in Manchester jostling for your attention and membership fees.

In our view, the best gym is the one you keep going back to, month after month, without getting bored. Gorgeous facilities and high-tech equipment aren't worth much if you have to drag yourself through the doors every time.

So decide what'll keep you engaged once your January 'new me' energy has waned. Do you prefer to workout alone or would you rather share the pain with others at a class-based gym? Do you need to bribe yourself with the promise of a swim and sauna after your workout, or are you fine without, thanks.

Then think about how much you want to spend. There's a huge gap between the cheapest gyms in Manchester and the most expensive, and a higher price doesn't always mean a better experience. Our picks for the best Manchester gyms for 2024 range from boutique studios like [Barry's](#) to cheaper options like [King Street Gym](#) which offer more than you might expect.

And if you don't see what you're looking for below, we've got plenty more recommendations. Just go to [Fitness](#) and use the filters to find what you want.

Confidential Guides Breakdown

The benefits of a premium entry on Confidential Guides include:

Prioritisation: Our strategy involves prioritising your restaurant's visibility in the same way that Google works, firstly by including your restaurants in curated guides such as "The Coolest Restaurants in Manchester." which are created to drive people searching for this on Google, to your listing on Confidential Guides and secondly to position you within the top 20% of search results on the Confidential Guides pages. We use google trends to ensure our clients visibility is optimised.

Book Now Button: A Prime listing allows you to have a trackable "Book Now" button directly linking to your website or booking widget.

Direct Menu Links: This is convenient for users who want to quickly access information about the food and drink you have on offer. We can add your brunch, lunch and dinner menus. These buttons are all trackable meaning you can see where the traffic is going.

Social Media Links: Prime Listings include direct links to your social media accounts to increase followers.

Customised Profile: Clients have the option to customise their profiles with images, videos, and additional text. This allows you to showcase your brand and offerings more effectively.

Visibility: There's an opportunity for you to be seen by visitors to the city. This visibility is enhanced through our partnership with Manchester Central and local hotels. Client listings can also be added under the 'recommended' sections of other listings like local hotels and things to do in the area.
